---

## Experience

---

### Lionbridge Technologies, Inc., Quality Assurance Test Associate

February 2023 - February 2025

- Part of the team QA testing the triple-A game 'New World: Aeternum' (2024)
- Got **promoted to the TA3** level, the highest for Test Associates, in a 9 months time
- Worked in a team to handle confirmation testing, ad-hoc testing, and smoke tests
- Managed the server side of the Title through configs and handling server restarts using the client's proprietary solution
- **Wrote reports on bugs** and crashes in JIRA
- **Created summaries for the client** detailing worked-on tasks
- Used Confluence to search through, and occasionally update, the title's documentation
